Dear Sir ,

It gives me pleasure to bring your attention the good service that we have received from your local branch team in Kalamboli.

The team members attending to our account in JSW Steel Ltd- Tarapur have always offered thoughtful, timely and professional service. They have followed a transparent approach and have kept us in the know of any on the ground issues, thereby truly working as partners to help us achieve our objectives successfully. In the last few months that we took you on board as logistics service providers, we have seen a visible improvement in the dispatches and a significant decrease in non-value added activities like constant telephonic follow-ups.

We would be happy to cement a longer term association with Credence Logistics.

Regards,
For JSW Steel Ltd
